

HERE ARE OUR 2020-2021 HUMANE EDUCATION PROTOCOLS**

- To lower the risk of exposure to COVID-19, The Humane Society of Utah will be following many recommendations from the CDC as follows:
 - A maximum of eight kids with two staff members
 - To minimize sharing of high-touch materials, each child will be given their own supplies for any art/craft activity
 - A staff member will check each child's temperature upon arrival.
 - Everyone must wear masks at all times, including parents/guardians at drop-off and pick-up
 - We will not play games that involve running or too much movement. We will have quiet games, crafts and animal interactions
 - Staff members will review proper hygiene with the kids; including proper handwashing, and cough/sneeze etiquette
 - Staff and other kids will maintain a 6 foot distance whenever possible
 - Staff will facilitate the animal interactions with each child, one at a time
 - Children and staff will use hand sanitizer before and after each animal interaction. We will encourage routine hand-washing and sanitizing
- Our HERO Spring Camp Program will run from 10:00-12:30 PM. We will **not** be allowing snack time, so please make sure your child has eaten before they arrive
- In accordance with CDC guidelines and recommendations, Utah Humane Society will continue to clean and disinfect all areas of the shelter and after school area daily
- Utah Humane Society staff will continue to practice social distancing outside of work to limit potential exposure to COVID-19. Utah Humane Society staff will

continue to self-report any potential symptoms or exposure to COVID-19 as required under current organizational policies and procedures set in place on April 23, 2020.
